

ELECTRICAL PRODUCTS THAT

POWER THE MISSION

CAPABILITY STATEMENT

NAICS 335999 | 2026

GOVAGE

Mission-ready capability and coordinated delivery

A coordinated portfolio for electrical systems

Power, lighting, wire, devices, controls, and documentation aligned to the installation and operating environment.

NAICS 335999 PORTFOLIO

- **POWER DISTRIBUTION**
Transformers, switchgear, switchboards, and protection
- **LIGHTING**
Interior, exterior, specialty lamps, fixtures, and controls
- **WIRE & CABLE**
Energy, communications, fiber optic, and specialty cable
- **WIRING DEVICES**
Current-carrying and noncurrent-carrying components
- **CONTROLS & ACCESSORIES**
Connections, enclosures, interfaces, and components
- **DOCUMENTATION & SUPPORT**
Submittals, testing, spares, warranty, and service

MISSION-READY BY DESIGN

Plan. Coordinate. Deliver.

A practical path from a specialized requirement to a supportable, compliant operational result.

FEDERAL FACILITIES

UTILITIES & INFRASTRUCTURE

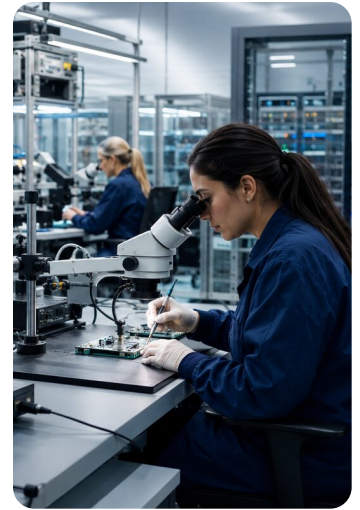

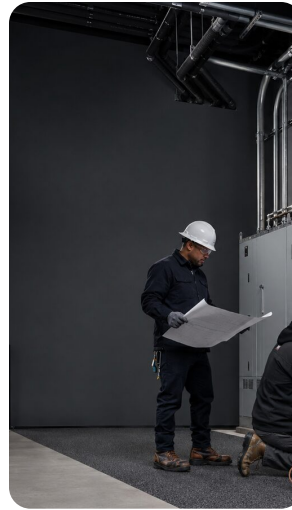

COMMUNICATIONS & SPECIAL SYSTEMS

GovAge coordinates electrical manufacturers, equipment configurations, accessories, compliance data, delivery, testing interfaces, and lifecycle support.

One accountable path for electrical product requirements

GovAge coordinates electrical manufacturers, equipment, and components for all other miscellaneous electrical equipment and component manufacturing serving federal and institutional customers.

We align ratings, capacity, voltage, interfaces, environment, enclosures, controls, accessories, standards, submittals, delivery, testing interfaces, spares, and warranty.

01

Application & rating review

Confirm load, voltage, capacity, interfaces, environment, enclosure, control, dimensions, standards, documentation, and acceptance requirements.

02

OEM & component alignment

Coordinate manufacturers, products, accessories, compatibility, approved alternatives, submittals, schedule, packaging, and delivery.

03

Testing & lifecycle support

Align installation interfaces, factory data, field testing support, documentation, spares, warranty, replacement, and continuity.

Three capability domains. One accountable partner.

POWER & DISTRIBUTION

Transformers, switchgear, switchboards, protection, lighting equipment, controls, power interfaces, enclosures, and accessories.

WIRE, CABLE & WIRING DEVICES

Fiber optic, communications and energy wire, current-carrying devices, noncurrent-carrying devices, connectors, pathways, and terminations.

DOCUMENTATION & LIFECYCLE SUPPORT

Product data, compliance records, submittals, factory testing, delivery, installation interfaces, spares, warranty, and replacement planning.

The right electrical product matches the rating and environment, integrates correctly, arrives documented, and stays supportable.

OUR STRATEGY

One lifecycle. One accountable path forward.

01

PLAN

Define ratings, capacity, voltage, interfaces, environment, enclosures, controls, standards, accessories, documentation, and schedule.

02

SOURCE & CONFIGURE

Align manufacturers, equipment, components, compatibility, approved alternates, submittals, packaging, delivery, and site interfaces.

03

VERIFY & SUSTAIN

Coordinate factory data, testing interfaces, documentation, spares, warranty, issue resolution, replacement, and lifecycle continuity.

**Mission-led. Compliance-aware.
Built to perform and sustain.**

Registered, ready, and accountable

GovAge is an active SAM-registered entity authorized for all awards.
