

MOBILITY SUPPORT THAT

KEEPS THE MISSION MOVING

CAPABILITY STATEMENT

NAICS 441340 | 2026

GOVAGE

Mission-ready capability and coordinated delivery

A coordinated portfolio for mission mobility

Platforms, parts, maintenance, ground support, and logistics aligned to operational availability.

NAICS 441340 PORTFOLIO

● PLATFORMS & SYSTEMS

Vehicle, aircraft, maritime, powertrain, and subsystems

● PARTS & TIRES

Repair parts, accessories, tires, engines, and components

● MAINTENANCE

Inspection, diagnostics, repair, overhaul, and documentation

● GROUND SUPPORT

Service equipment, handling, staging, and facility interfaces

● TRANSPORT SUPPORT

Air, road, intermodal, terminal, and field activities

● READINESS & LOGISTICS

Spares, delivery, records, warranty, and lifecycle planning

MISSION-READY BY DESIGN

Plan. Coordinate. Deliver.

A practical path from a specialized requirement to a supportable, compliant operational result.

FLEET & DEPOT

AIRFIELD & MARITIME

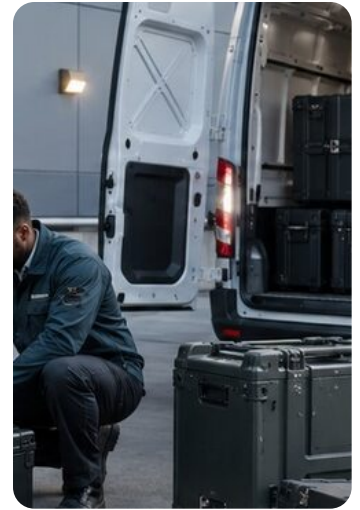

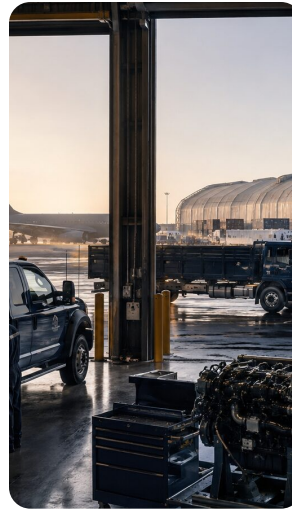

ROADWAY & LOGISTICS OPERATIONS

GovAge coordinates manufacturers, dealers, parts sources, repair partners, transportation-support resources, documentation, and lifecycle readiness.

One accountable path for mobility and transport support

GovAge coordinates platforms, parts, service partners, and transportation resources for tire dealers serving federal and institutional customers.

We align platform configuration, duty cycle, parts compatibility, inspections, service scope, schedules, logistics, documentation, warranty, spares, and return-to-service criteria.

01

Mission & platform review

Confirm use, platform, duty, environment, configuration, compatibility, inspection, service, documentation, and readiness requirements.

02

Sourcing & service coordination

Align manufacturers, dealers, parts, tires, qualified repair partners, ground support, transportation resources, schedule, and logistics.

03

Acceptance & sustainment

Coordinate inspection, testing, service records, delivery, return-to-service criteria, warranty, spares, and lifecycle support.

Three capability domains. One accountable partner.

PLATFORMS, PARTS & COMPONENTS

Vehicle, aircraft, maritime and powertrain products; parts, tires, accessories, components, support equipment, and compatibility management.

MAINTENANCE & TRANSPORT SUPPORT

Inspection, diagnostics, repair, overhaul, ground and terminal support, air and road activities, field service, and operational coordination.

READINESS & LIFECYCLE LOGISTICS

Spares, packaging, delivery, service records, warranty, return-to-service documentation, configuration control, and sustainment planning.

The right mobility solution fits the platform, restores availability, documents the work, and sustains readiness after delivery.

OUR STRATEGY

One lifecycle. One accountable path forward.

01 ASSESS

Define mission use, platform, duty, environment, configuration, compatibility, service scope, records, logistics, and readiness criteria.

02 SOURCE & SERVICE

Coordinate manufacturers, dealers, parts, qualified repair resources, ground support, transportation, schedule, and change control.

03 VERIFY & RETURN

Complete inspections, testing, service records, delivery, return-to-service, warranty, spares, and lifecycle continuity.

**Mission-led. Compliance-aware.
Built to perform and sustain.**
