Commercial catalog products and approved alternatives
- **FULFILLMENT**
Kitting, packaging, staging, delivery, and receiving records

MISSION-READY BY DESIGN

Plan. Coordinate. Deliver.

A practical path from a specialized requirement to a supportable, compliant operational result.

FEDERAL WORKPLACES

FACILITY & PROGRAM SUPPLY

FIELD, TRAINING & COMMUNITY SUPPORT

GovAge coordinates manufacturers, dealers, commercial catalogs, product data, approved alternatives, kitting, packaging, freight, and delivery support.

One accountable path for commercial product requirements

GovAge coordinates manufacturers, distributors, dealers, and commercial products for outdoor power equipment retailers serving federal and institutional customers.

We align user needs, product specifications, compatibility, commercial availability, approved alternatives, quantities, warranties, kitting, packaging, freight, and delivery.

01

Requirement & user alignment

Confirm use, product attributes, dimensions, compatibility, quantity, warranty, accessories, delivery points, schedule, and acceptance needs.

02

Commercial sourcing

Coordinate manufacturers, distributors, dealers, catalog availability, approved alternatives, product data, pricing, and lead times.

03

Fulfillment & delivery

Align kitting, labeling, packaging, staging, freight, delivery appointments, receiving documents, warranty, and issue resolution.

Three capability domains. One accountable partner.

PRODUCT SOURCING & CONFIGURATION

Commercial products, accessories, options, compatibility, approved alternatives, product data, availability, warranties, and program quantities.

WORKPLACE, FACILITY & SPECIALTY SUPPLY

Furniture, office products, hardware, building materials, electronics, appliances, outdoor power equipment, optical, sporting, musical, and other merchandise.

FULFILLMENT & PROGRAM DELIVERY

Kitting, labeling, packaging, staging, palletization, freight, delivery appointments, receiving records, returns, and warranty coordination.

The right commercial supply program fits the user, controls configuration, arrives complete, and stays supportable after delivery.

OUR STRATEGY

One lifecycle. One accountable path forward.

01

DEFINE

Confirm users, application, product attributes, compatibility, quantity, warranty, accessories, packaging, delivery points, and schedule.

02

SOURCE & CONFIGURE

Align manufacturers, distributors, dealers, catalog products, approved alternatives, availability, lead times, and program requirements.

03

FULFILL & SUPPORT

Coordinate kitting, packaging, staging, freight, delivery, receiving records, returns, warranty, and continuity of supply.

**Mission-led. Compliance-aware.
Built to perform and sustain.**
