

A dark, moody photograph of a technician in a blue uniform working on a server rack. The technician is on the right side of the frame, leaning over and focused on the equipment. The server rack is on the left, filled with various components. The overall tone is professional and technical.

EQUIPMENT SUPPORT THAT

RESTORES MISSION READINESS

CAPABILITY STATEMENT

NAICS 532420 | 2026

GOVAGE

Mission-ready capability and coordinated delivery

A coordinated portfolio for equipment readiness

Rental, diagnostics, repair, maintenance, parts, and documentation aligned to availability requirements.

NAICS 532420 PORTFOLIO

- **RENTAL & LEASING**
Office, commercial, and industrial equipment access
- **DIAGNOSTICS**
Inspection, troubleshooting, testing, and condition review
- **REPAIR & MAINTENANCE**
Corrective, preventive, field, bench, and depot service
- **PARTS & CONSUMABLES**
OEM and compatible components, kits, and service materials
- **CALIBRATION INTERFACES**
Precision checks, verification, and service records
- **RETURN TO SERVICE**
Functional testing, documentation, warranty, and continuity

MISSION-READY BY DESIGN

Plan. Coordinate. Deliver.

A practical path from a specialized requirement to a supportable, compliant operational result.

GovAge coordinates rental sources, qualified service partners, diagnostics, parts, repair, maintenance, verification, documentation, and return-to-service support.

FEDERAL FACILITIES

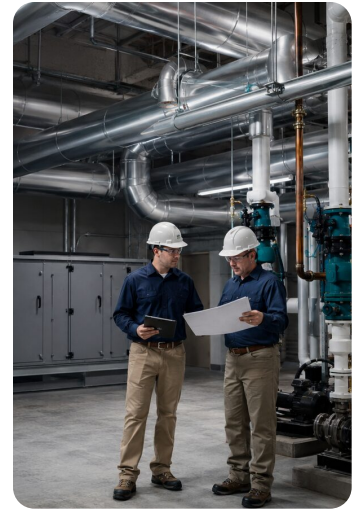

DEPOT & FIELD SERVICE

OFFICE, INDUSTRIAL & PRECISION EQUIPMENT

One accountable path for equipment availability and service

GovAge coordinates rental, repair, maintenance, and lifecycle resources for office machinery and equipment rental and leasing serving federal and institutional customers.

We align equipment availability, service scope, diagnostics, parts, qualified technicians, site access, schedules, testing, records, warranty, and return-to-service criteria.

01

Equipment & service assessment

Confirm equipment, configuration, condition, fault, duty, location, access, service history, documentation, and availability requirements.

02

Resource & parts coordination

Align rental sources, qualified technicians, diagnostics, OEM or compatible parts, service plans, schedule, transport, and site controls.

03

Verification & return to service

Coordinate functional testing, service records, calibration interfaces, acceptance, warranty, spares, and lifecycle continuity.

Three capability domains. One accountable partner.

RENTAL & EQUIPMENT ACCESS

Office, commercial and industrial machinery and equipment rental or leasing; configuration, accessories, delivery, setup interfaces, and return logistics.

DIAGNOSTICS, REPAIR & MAINTENANCE

Inspection, troubleshooting, preventive and corrective maintenance, parts replacement, field and depot service, and qualified technical resources.

TESTING & READINESS SUPPORT

Functional verification, calibration interfaces, service records, warranty, spares, issue resolution, return-to-service, and lifecycle planning.

The right service solution restores performance, documents the work, verifies function, and returns the equipment to productive use.

OUR STRATEGY

One lifecycle. One accountable path forward.

01 ASSESS

Define equipment, configuration, condition, duty, service scope, access, schedule, documentation, and readiness criteria.

02 RESOURCE & SERVICE

Coordinate rental sources, qualified technicians, diagnostics, parts, transport, site controls, repair, maintenance, and change management.

03 VERIFY & RETURN

Complete functional checks, service records, calibration interfaces, acceptance, warranty, spares, and return-to-service support.

**Mission-led. Compliance-aware.
Built to perform and sustain.**
